Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. BPINNEY will guarantee to forfielt \$500 for every case of seminal weakness, or private disease of any kind or character, which he undertakes and falls to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage; remember you are approaching the last, if you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrasting that if you persist in procrasting the last, when he most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of merey can bring you relief. In he case has the Doctor failed of success. Then let not despair work upon your imagnation, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurrles you to a premature grave. WEDNESDAY,........SEPT. 22, 1875.

NEWS OF THE MORNING.

The 2:24 purse of \$1,000 at Sacramento yesterday was won easily by May Howard. ne, 2:2834, 2:291/4, 2:31. On the fifteenth day of November Spain will send 18,000 Carlist prisoners to Cuba to recruit her army in that Island.

The Democrats of Massachusetts will re nominate Governor Gaston and adopt a hard money platform.

Eight inches of snow were reported at Colo rado Springs, Colorado, yesterday. The rumor was current in New York yesterday afternoon that the Pacific Mail steamship City of San Francisco was ashore at

The late storm in Texas almost entirely destroyed the town of Indianola. The Insurance Commissioners are holding

The colt race for the Spirit of the Times stake which takes place at Sacramento to-day, is exciting a good deal of interest, Last night at Sec amento the pools sold as follows: Beautiful Bells, \$75; Echora, \$20; field, \$20. On the night of the 20th inst. a heavy frost did considerable damage in Illinois, Iowa and Nebraska. Ice formed one eighth of an Albany, Poughkeepsie and Boston had in-

teresting races yesterday.

DAME Rumor called again yesterday and gave us the name of another Councilman who says he was offered one thousand dollars to vote in favor of locating the Los Angeles and Independence railroad depot on San Pedro street. It will be interesting to note how these Councilmen vote on the question, "Shall the ordinance become law notwithstanding the Mayor's veto?"

COMPLAINTS of enormous charges at charges on the same were eleven dollars and sixty-five cents. Such horbitant demands they will soon destroy their business.

THE evening Express (raisin grape) which did all in its power to defeat the Democratic State, Congressional and county ticket, has gone extensively into the business of suggesting Democratic candidates for office. Its last endorsement is OWEN THORN for Sergent at arms of the House of Representatives, whom it extols as an old and true blue Democrat. Owen evidently fancies he has strong claims upon the party for he was one of the temporary secretaries of the last Democratic State Convention and failing to be chosen permenant secretary he caused much annoyance to the delegates and inconvenience of the officers by the non-delivery to the tally list and other papers to the permenant secretary. Unless this act is clearly and satisfactorily explained it may prevent the election of this "old and tried' Democrat Sergent at arms of the House of Representatives.

Still They Come.

The California Immigrant Union has taken the proper steps towards bringing to our State a desirable class of settlers. Mr. W. H. MARTIN was sent by them to the Eastern cities to organize several colonies, and he succeeded beyond expectations. He brought with him seventy immigrants from the Western States, most of them farmers. Two thirds of these will go to San Luis Obispo and the balance to Fresno county. Mr. MAR-TIN has perfected arrangements with the railroad companies to reduce first class fares from Chicago to San Francisco from \$116 to \$88. In four days he gave certificates to three hundred parties in Illinois who desire to immigrate. The agent of the Union at Chicago is now authorized to grant certificates to parties who desire to come at the reduced rate. Arrangements are also to be made for reduced fares from Baltimore and Philadelphia. Several colonies are organized in the New England and Middle States. The Silk Growers Colony of Paterson, New Jersey, are preparing to remove to this State. Fifty families have joined the party, and it is expected the guota of one hundred will be soon made up. Would it not be well for Los Angeles to make an effort to get this body of men. Mr. MARTIN reports that everywhere he went in the States there is an increasing desire among the farmers and mechanics to remove to the Pacific coast and the tide of immigration this Fall will be the largest ever known. But the people of Los Angeles should remember that the increasing thousands landing first at San Francisco are there prejudiced against this section. Our climate and soil are misrepresented and many who contemplated settling here are induced to locate in the upper part of the State. Southern California should unite in the organization of a Bureau which through its agents should lay before the immigrants the claims of this section to their attention.

How to Utilize their Power.

In an article printed some months ago the HERALD endeavored to show the BY ATLANTIC AND PACIFIC LINE. temperance people of the State the hopelessness of securing the reform they seek through the nomination of temperance reform tickets. In the same article we set forth our views as to the best means for filling the offices with men of temperate habits. The folly of running a "temperance reform" ticket was forcibly illustrated at the recent election. The nominee of the temperance people was an able and worthy man, yet out of the twenty-four thousand voters cast in San Francisco, he received less than one hundred. The same or about the same proportion is noticed throughout the State. It is not presumed that any one will fall into the error of supposing that this vote represents the number of votes in the State who are desirous that our public officers shall bo men of temperate habits. There are thousands of these voters but Southwest Spit. A later dispatch contradicts they did not cast their ballots for the temperance nominee because they well knew that his election was an impossibility. This refusal of temperance men to throw away their votes, ought to convince the leaders of the temperence movement that they can use their strength to better advantage than by throwing it away on a total abstinence ticket. If the voters who places would make their power felt they should demand of the two great parties the nomination of candidates who will not put an enemy in their mouths to steal away their brains and after making this demand vote only for the candidates approaching nearest to their standard of temperance men. In this way they will soon become so powerful as to hold the balance of power between the two parties and thus compel each to put forward can-

San Francisco News.

SAN FRANCISCO, Sept. 21.—The date for the opening of the Bank of California seems still indefinite. It has been variously stated the re-opening would take place on the 1st of October on the 27th inst., and on the 4th proximo. On inquiring at the Bank this morning it was stated by an officer of that institution, and also by prominent gentlemen of the Directors, that no time has yet been fixed for the re-opening, and at present it is impossible to do so. It was, however intimated that it would take place about the first of October. Numerous irresponsible statements have been made positively that the Bonk would open at stated dates, which have been published for the last two or three weeks. They have tended to produce a feeling of uneasiness as to when resumption would really take place, the delay that has occurred being considered by many indicative of uncertainly as to whether the opening would be affect ed at all. Most positive assurances would drive intemperance from high are, however, given by the directors that all such conjectures are entirely unwarrantable and that resumption is a fixed fact, but that the precise time is contingent upon the arrangement of details of minor moment.

Three men, Patsey Kennedy, Geo Williams and William Hudson, were arrested about daylight yesterday by Officers Casey, Hart and Carpenter. They were detected in the act of entering a house on the corner of Third

and Verona streets. In the United States District Court proceedings have been begun against 108 casks of the capacity of the 131 wine gallons in condemnation, seized by Collector Sedgwick on the 21st of August last. It is alleged that there has been a violation of the laws in not effacing revenue stamps after their contents had been drawn.

Some years since an action of ejectment was commenced in the Fourth District Court, by J. D. McRaven, et al, against nearly two hundred defentural association which took place at dants, to recover possession of about San Francisco on Tuesday last, and it thirteen blocks of land situated in the vicinity of the Park. The State Fair.

SACRAMENTO, Sept. 21st. - Some two or three thousand people assem-bled at Agricultural Park this afternoon to witness the stock parade. The procession extended entirely around the track, one mile, and for some distance a double row of animals. There was a general expression of opinion that, in whatever else the State may not realize the fullest expectation, a finer exhibition of horses and cattle was never brought together, the world over. The horse stock actually numpered twelve double teams, thirtyeight single teams, one hundred and thirty.four horses led by grooms, and three jacks. Here he was passed by Nimrod, and down the stretch by Longfellow, who was brushing for Nimrod but failed to catch the little sorrel, who won the heat with ease in 2:20¾, Longfellow second, Fisherman third, Brown fourth, St. Clair fifth, Voorhies distanced. The pools sold before this heat at \$100 for Brown, \$60

\$50 and the field ten. The second heat was a beautiful one, Longfellow and Nimrod going off with the lead, closely followed by Brown and St. Clair. After passing the half mile post in 1:08,

both Brown and St. Clair commenced a brush for the lead, which Nimrod and Longfellow fought hard to maintain, and it was only after a very hard struggle, Longfellow getting the whip freelp, that Brown took the heat, Longfellow second, Nimrod third, St. Clair fourth and Fisherman fifth—time, 2:49½. The pools now sold, Nimrod \$100, Brown \$75 and field \$15.

At the start of the third heat Brown had the best of the send-off by two lengths. Up the back stretch Nimrod paced by them all except Brown, and badly cut. was going right up to him when he broke and his place was taken by St. Clair, who fought hard for the lead, the three making a splendid brush for the heat down the stretch, Brown, however, getting it by a neck, St. Clair second, Nimrod third, Longfellow fourth, Fisherman fifth—time,

In the fourth heat Brown immediately took the lead and was never headed, Nimrod having broken at the word and fallen away back. St. Clair and gained second place. There was a rumor on the track to the effect that Nimrod had been thrown off. Brown won the heat easily, St. Clair second, Longfellow third with third money, Fisherman fourth, Nimrod fifth and second money. Time, 2:243.

Massachusetts Democratic State Con-vention.

WORCESTER, Mass., Sept. 21.-The city is swarming with delegates to the Democratic convention to-morrow. The re-nomination of Gov. Gaston is a mere formality, there being no formidable opposition to him. There is consequently an absence of that enthusiasm and wire-pulling generally indulged in at such meetings. The chief interest to-morrow will be the selec- the Republicans for some office, probtion of delegates to the National Democratic convention next year. It is understood they will be in favor of hard money. Judging from the present indications, Gen. Wm. T. Bartlett will receive the nomination for Lieut. Governor.

WASHINGTON, Sept. 21.—The signal officer reports that three inches of snow has fallen at Colorado Springs, C. T., since yesterday afternoon, and the snow is still falling.

A Sheet Exhibit.

Washington, Sept. 21.-Prof. Hayden arrived here yesterday from Colo rado and reports that the surveying party has been very successful. The expedition was divided into seven parties. They have mapped out geographically and topographically about twenty thousand square miles in South-western Colorado, Utah and N. Mexico. A large collection of minerological and geological specimens have been collected, and a thorough examination of ancient ruins has been made. No previous occasion has been made so productive of important scientific results. Six sheets of the Colorado Atlas are now completed, and it is the intention of Prof. Hayden to have these engraved and exhibited at the Centennial next year. These sheets comprise eleven thousand five hundred square miles each. The photographer has taken a number of negatives 20 by 24 inches in size, the largest landscape views that have ever been taken on this continent. The entire expedition will return about the last of October. The Interior Department has sent instructions to the Agent of a tribe of Indians which made a recent attack on one of the surveying parties, to secure if possible a return of valuable instruments captured, and to effect a punishment of the guilty Indians. DeWitt Hayward-Wonderful Growth -The New Store-Immense Yield of

Potatoes-Other Interesting Facts. EDITOR HERALD:-Our friend Dewitt Hayward has some specimen growths worth mentioning. A blue gum in front of his lot, twenty-one months old, measures twenty-five inches in circumference.

WONDERFUL GROWTH. Some beautiful orange buds have reached the height of six and a half feet since the frost. His three year almond trees measure twenty inches in circumference. A row of orange grafts two years old average six inches in circumference, while some have reached the height of nine and a half feet. A number of sweet rind lemon trees, budded on the 20th of May, are now five feet high. Some Malaga lemons, grafted in March, measure six und a half feet in height. DeWitt says if he had time to attend to everything as it ought to be done, he could equal the best growth yet made in Southern California. As it is, the above specimens are by no means contemptible. He has lately secured forty buds of the naval orange of Australia, and is experimenting. This orange hears a reputation as one of the best flavored known. It is almost invariably seedless, and hence the only way to propagate it is by means of buds or grafts. He has also secured a great many varieties of orange not generally known in Los Angeles county, and intends

LETTER FROM A CITIZEN.

EDITOR HERALD:-In Saturday evening's issue of the Express I notice a communication from an individual who signs his name as James cultural Park, mile heats, best two in Gorman, and commenting on the relations existing between the Catholic Church and the Hibernian Society. While perusing it I concluded that a statement so false and slanderous should not be heeded, but on seeing the name of Gorman it struck me at once that he was an escaped Monk, and seeking a little notoriety; and judging from the manner in which he writes, I am satisfied that he needs sympathy. He commands mine in the shape of instruction. I advise him to go to a better market than Los Angeles. If he has any talent he may secure a position on the Jolly Giant, or he may be able to arrange matters with Edith O. Gorman so as to join in her crusade. Being of the same name and perhaps related to Edith, and having similar experience and entertaining equal horror for the Catholic Church, I think he would command her attention; and as both of them are above and below the law for libel, the public will regard them as a curiosity, and will reward them according as they act their parts. My friendly advice to Mr. O. Gorman may be construed into ill will toward my Hibernian neighbors, but as it is through charity that I counsel Mr. O. Gorman, I trust that I offend no one; and as the age is past when characters like Gorman could do mischief, we should all either instruct them or take no no-A CITIZEN. tice of them. Warm Weather-Fishers, not of Men nor yet of Women - A Memento -Coarse Manners-An Affecting Sight and a Fright-Saloon Gone-Those who Remain.

EDITOR HERALD:-To-day has been one of the warmest days ever seen in our old camping ground. Talk about its being too cold to be at Santa Monica; why, the weather is perfectly delightful. The atmosphere has been so clear that Santa Catalena islands have been as plainly visible as though but a few miles from the shore. Last evening the sunset, reflecting its gorgeous splendor over the sea, formed one of the most beautiful pictures that ever gladdened the heart of an artist. SATURDAY EVENING

a couple of our gentlemen friends, anthe erection of a fine new house in a ticipating rather a rough crowd at the few months. The statistics for the so-called "ball" that was to come off here, came down to protect us. The crowd, if there was any, was very quiet. Sunday morning our party walked up to the new wharf, where we saw quite a number of anglers. They were all after fish, though. returned home thoroughly tired out. On the beach we found some Los Angeles friends, and received as a memento from one in town a very beautiful boquet; the fragrant offering was thankfully received, and we are fully convinced that a more appropriate token of remembrance never gladdened the hearts of

FLOWERLESS CAMPERS.

We had not been upon the beach very long when that last year's "gentleman" came down in a carriage with some ladies, and, we suppose, another gentleman; at any rate it was not long before we were compelled to retreat to the tent, as they had left their modesty at home with their bathing clothes. We passed the evening ln rather a literary style. At about ten o'clock we went down to the beach to bid old father Neptune good night. Imagine our surprise; when passing around in front of the bath-houses, we unintentionally in-terrupted the—the—well, we suppose rather sentimental conversation of a very affectionate looking couple; yet, whose business is it if her hand was cold and he had to hold it; such things will happen at the sea side.

"We looked at them and our foolish eyes Grew very very wet, (with the sea spray;) And our thoughts went back to another tim (last summer,) Too beautiful to forget."

IN ABOUT AN HOUR we were aroused from our first nap by the most unearthly yells. We jumped up in alarm; and peeping out from the tent door, found that some friends of the devoted couple had discovered their retreat, and expressed their ideas in language more forcible than elegant. They soon left the beach, and, passing our tent, we heard one of the ladies ask: "Mr. —, how do you spell dining; do you know?" "Why. to be sure; guess I know how to spell it,-d-i-n-n-i-n-g dining." We understood then that they had been dining on champagne; so we repress the other remark, lest it should cause them real pain, and consider the source of the

MEDICATED INHALATION Used in conjunction with his local and constitutional treatment, has proved the most rational and successful method of treating

CONSUMPTION, Asthma and Bronchial Affections,

As he is effecting cures even after the ordina-ry methods have failed.

** All who have suffered for years or a life-time, and whose diseases have resisted or baf-fled the ordinary modes of treatment, are in-vited to call for a free consultation.

Testimonials from well-known prominent Congressmen.

From Hon, James A, Johnson, ex-Mem-WASHINGTON, D. C., Feb. 21st, 1869.

To WHOM IT MAY CONCERN: Having been a sufferer from catarrh and a severe bronchial affection for more than seven years, and havsufferer from catarrh and a severe bronchial affection for more than seven years, and having found great relief by submitting myself to Dr. ABORN'S treatment for a few days only, I take pleasure in saying Dr. ABORN, with his new and improved instruments for local application to the lungs, air passages, eyes and ears, should encourage all who are afflicted in those parts to cherish a lively hope that they may find quick and permanent relief.

JAMES A. JOHNSON, M. C.

It is now over six years since Hon. James A. Johnson was cured by Dr. ABORN. He has gained twenty pounds in weight, and has had no traces of the catarrh or bronchitis since—this speaks well for the permanency of the cures effected by Dr. ABORN.

From Hon. S. O. Houghton, Member of Congress, California.

SAN JOSE, November 22d, 1869. I have been afflicted with severe masal ca-tarrh for two years, which a few months since extended to my throat, producing a distressextended to my throat, producing a distressing cough and seriously impairing my health generally. I have been under the treatment of Dr. ABORN for about three weeks, and have been already greatly relieved — my cough has almost disappeared, and my health greatly improved. By one application Dr. ABORN relieved meof severe neuralgic pain, and with four applications it was entirely cured.

S. O. HOUGHTON, M. C.

By reference to Hon. S. O. Houghton's card it will be apparent that it is now over six years since he was treated by Dr. ABORN. He claims that he was permanently cured after a few months' treatment, and has had no return of the complaints since. Ftom Hon, John Covode, Member of Congress. Pennsylvania.

WASHINGTON, D. C., June 12th, 1868.
For more than a year I suffered inconvenience from deafness and a constant sounding in my ear. On the 21st of May I applied for relief to Dr. ABORN. He relieved me at once, and from that day to this I have had no difficulty of any kind with my hearing.

Truly, JOHN COVODE, M. C., PA.
